Show will begin at 9:30 a. m.—Sale at 1:00 p. m.

—Please Bring This Catalog With You To The Sale—

Information for the Buyer

Time—Monday, April 29, 1957. Show at 9:30 a. m.—Sale at 1:00 p. m.

Location—The Show and Sale will be held at the Auglaize County Fairgrounds, Wapakoneta, Ohio.

Sale Headquarters—Koneta Hotel, Wapakoneta, Ohio.

Guarantee—The Standard Guarantee of the American Shorthorn Breeders' Association shall apply to all cattle sold in this Sale. Announcements from the auction box will take precedence over printed matter in the catalog.

Terms—The terms of this Sale are cash unless arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off but the management will attend to the loading on cars or trucks in compliance with instructions from purchasers. The above guarantee and terms shall constitute a contract between the buyer and seller of each lot. Neither the Sale Manager, Clerk or Cooperating Agencies assumes any liability, legal, financial or otherwise.

Insurance—Full coverage may be secured effective at time of sale.

Registration—A certificate of registry will be furnished for each lot sold except calves at foot and unborn calves for which a properly signed application for registry will be furnished.

Footnotes—Are furnished by consignors or from information supplied by same.

Accidents—We will not be responsible for any accidents that may occur but will make every effort to provide for the comfort and safety of our guests.

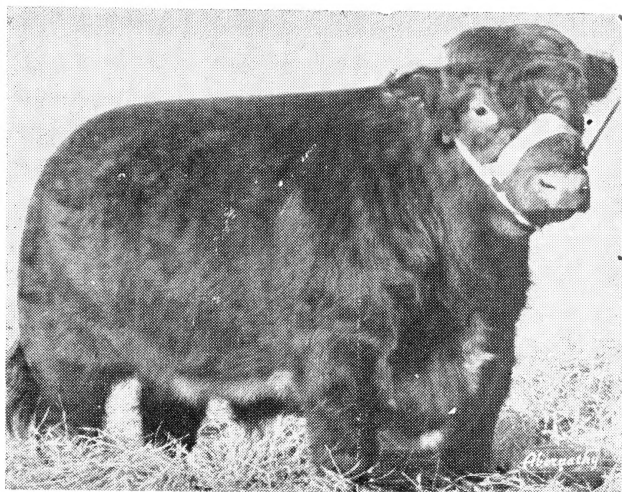

Auctioneers—C. D. Swaffar, Tulsa, Oklahoma; Ross Downing, New Hampshire, Ohio.

Mail Bids—Those unable to be present and who desire to take advantage of the buying opportunities in this Sale may rest assured that mail, wire or phone bids will be honestly and confidentially executed. Bids will be handled by the following competent men:

Special Representatives—Ed. Huff, American Shorthorn Breeders' Association, 7 Dexter Park Ave., Chicago 9, Ill. Horace Walker, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

Sale Manager—Ned W. Place, telephone RE87123, Wapakoneta, Ohio.

Lunch—Lunch will be served on the grounds.

MORPHIE BEAU GESTE—The imported bull used successfully by LeRoy Egbert for a number of years and the bull now owned by Arden Brown of St. Johns, Ohio. He is the sire of Lot 1 bull and the most of the females consigned by Bricker and Williams are carrying the service of one of his best sons, Bolido Beau.

PRAIRIE VIEW UPRIGHT—We rate him as the most promising prospects for a stock bull. His color is ideal, he looks a sire. He has the eye of a stock bull. He is true in his lines, strong in his top. Sturdy legs, with each on a corner. A twist that is full and deep. We bought his dam a few years ago, and she was the top open heifer in that sale. She is a grand cow and has another heifer calf at foot and will stay on the farm. This is the bull to keep in mind. Stands on short legs.

ELMDOWN WONDER 20th is a smooth rugged bull that stands on a set of straight, sturdy legs. His sister was 3d top priced heifer in last year's sale. A brother was grand champion steer over all breeds at the 1955 Putnam County Fair with 117 steers competing. This Rosebud Myrtle family has been one of Guardhouse's consistent winners. This bull is a grandson of Imported Drynie Wonder, the bull whose record of siring stock bulls is well known. His dam is a granddaughter of the All American favorite, Edellyn Royal Leader. This bull should sire some wonderful calves.

CHERRY LANE DOROTHY has produced six wonderful calves for us. Her heifer calves have been especially good. We are retaining her 1956 heifer in the herd. She has at foot a nice, Jan. 21, red heifer calf sired by Upright Baronet, a grandson of Kirkton Baronet and Pittodrie Upright.

A 14-state survey by the American Shorthorn Breeders' Association shows what Shorthorn or Polled Shorthorn bulls can do in improving herd efficiency. Here is the summary—

- Weaning weights 50 to 100 pounds heavier.
- Increase yearling weights 100 to 200 pounds.
- Higher prices for weight to return most dollars at market.
- Mature cows 100 to 200 pounds heavier.
- Smaller heads and less calving trouble.
- Ninety to 100 per cent calf crops.
- Increase foraging efficiency.
- Stand up better in extreme heat or cold.
- Resist pinkeye, cancer eye and other infections.
- Increase milk in crossbred cows.
- Hornless calves when sired by a polled bull.

BANCHORY MACEBEARER—The outstanding imported Craggleton bull now owned by Martin Katter. This bull has proved to be a great breeding bull. The calf at foot, Lot 12, is by him, the heifer, Lot 29 is carrying his service as is the heifer, Lot 36.

HULL PRAIRIE MAYFLOWER is another granddaughter of **Sunny Hill Rosewood 6th** that stood second in class two years in succession at the Canadian National Exposition. This young cow has already produced two outstanding show steers. Her 1956 calf is the most promising steer of all the club calves we sold last fall. She has at foot an excellent Feb. 2 club steer prospect sired by Upright Baronet, a grandson of Kirkton Baronet and Pittodrie Upright. She will be rebred by sale day to Bolido Beau, a son of Imported Morphie Les.

STANDARD GUARANTEE

—of—

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
